GOOD FOOD FOR THE FANS

Almost all of the Ball Players Have Signed Their Contracts For 1905.

Work on Ball Park to Begin on April 1st—First Game at Indianapolis.

The base ball fans will, no doubt, be delighted to learn that practically all of the men who will form the Rushville Sunday League team during the season of 1905, have signed their contracts and will report for practice on April 6th.

Manager Stubblefield yesterday announced the men who will be given a try out on the team and from whom the team will be chosen. Johnny McCord, of Greensburg, Louisville and Kansas City fame, has signed his contract. Jesse Ruby, of the Davenport Three I. League team, has signed up, and Roy Youngblood, the Sidney Illinois, pitcher, who played last year in the Southern League with Nashville, Tenn., is "cinched" for Rushville. These men will compose the pitching staff. Ed. Wagner, the Indianapolis southpaw, will cover first base and will be drawn upon for duty in the box in case he is needed. Youngblood is also an infielder and he will probably be used some at short. "Windy" Morgan, Rushville's favorite, will again "do business at the plate," and his cheery voice will be heard throughout the game. Captain-Manager Stubblefield will cover the second turn in the road around the bases, and "Little Joe" Herald, of Louisville, Ky., who made such a reputation here last year, will again have charge of things at third. Joe writes that he is in the pink of condition. Walter Moor, a hard-hitting North Vernon lad, who has been playing college ball will look after the affairs of the left garden, while Pierce, of Indianapolis, will take his stand at center. "Nick" Tompkins, of this city, will take care of things in right field. In case Carter fails to make good at Columbus, Eddie will again be found at short.

The first game of the season will be played with the Indianapolis American Association team at Washington Park on Sunday, April 16th. The game will be a practice game for both teams. On April 17th, the season will open in Rushville with the Black Tour club of Cincinnati, which will tour the country in a special car. The tour club will go from here to Ft. Wayne, where it will cross bats with the Central League team in that city. The first Sunday league game will be played with Cincinnati on May 14th. The ball park will be located this year on the Wingerter lot on South Main street as before, but some decided changes will be made. The grand stand will be enlarged and probably re-erected in the southwest corner of the lot. This will be done to shut off the view from the road. A fence twelve feet high will be built around the entire lot. A wheel gate will be installed. This gate allows only one person to enter at a time and he or she must drop a quarter in the slot in order to open the gate. A fine skinned diamond will be constructed, the grounds will be properly drained and the grass kept trimmed. All access to the diamond from the grand stand will be shut off.

The team is to have fine new uniforms either of red or grey, including elegant coats. At least two games will be played each week. In case some of the men signed by Manager Stubblefield do not make good he will sign others equally as good. He now has strings out for "Bob" Strong, the ex-Boston twirler and catcher "Bill" Fisher of the Nashville club; also second baseman William Fennerick, of the Illinois University team. As soon as the men are picked the club will be cut down to ten men. Practically all of them will be veterans and capable of batting around the 300 mark. Each man in his letter states that he is taking good care of himself and will be ready for practice on April 6th. Work on the ball park will commence on April 1st.

President Geraghty announced today that he had received a letter from Henry Heigert, of Indianapolis, the former Greenfield Star who wants a berth on the local club and wired him to come down Sunday for a workout.

Mr. Geraghty telegraphed Joe Harold at Louisville this afternoon to come here for a little workout Sunday. Joe will take a position at Crim's restaurant, where he will work until the season opens. Ed. Wagner will come down from Indianapolis Sunday and will receive a short work out. The local men will all be out at the park Sunday afternoon and will go through some light practice.

There is some possibility of Greensburg entering the league, but nothing toward that end has been done as yet. President Geraghty wrote President Spinney at Cincinnati in regard to the matter this afternoon.

Another meeting of the league magnates will be held at Cincinnati just before the season opens. At that time the names of the four umpires will be made public. All the umpires will be Cincinnati men.

Mr. Geraghty has employed William Jackman as custodian of the ball park and he will devote his entire time toward keeping it in first-class condition. Messrs Geraghty and Stubblefield went out to the park this afternoon to look things over. There has been some speculation regarding the passes to be issued by the local club. President Geraghty announced this afternoon that all passes will be made out and signed by the league president, Mr. Spinney. It is the intention to start the league and run it on absolute business principles and thorough good order will be maintained among the players and spectators at all times.

INSPECTION AND INSTALLATION

Ivy Company, U. R. K. of P., Will Have a Big Time Tonight.

The members of Ivy Company No. 35 Uniform Rank Knights of Pythias will hold its annual inspection and installation of officers tonight. Lieut. Col. Phelps, of New Castle, of the Third Regiment, of which the local company is a member, will inspect the company, and the following officers will be installed: Captain, George H. Caldwell; First Lieutenant, J. K. Jamison; Second Lieutenant, F. R. Beale; Recorder, H. C. Wolverton; Treasurer, G. P. Hunt; Guard, G. E. Muir; Sentinel, Albert A. Miller. The company now has thirty-six members and four more will be initiated tonight. The work will be followed by a banquet which will be served by Mr. and Mrs. Julius Hambrook. Several visitors are expected to be present.

THE GOSPEL TRUTH

Advertise yourself to as great an extent as you can, so that you get all the business in the town you can; and after you have done this, take a little bit more in hard money, join hands with your competitors and other business men, and boom the town for all you are worth. It is an "endless chain" proposition—you boom the town and you get more people, and you advertise to more people to get more trade, which is just as logical as that two and two makes four, and just as easy.

WARRANTS ARE SERVED TODAY

Sheriff and Deputy Sheriff are Having the Time of Their Lives.

George Crim Gives Bond and is Released From the County Jail.

Sheriff Bainbridge and Deputy Sheriff King were at work again today serving warrants on the indictments returned by the grand jury.

George Crim, under eight indictments for running a gambling joint gave bond today in the sum of \$400 with P. A. Miller as surety, and was released from the county jail.

P. A. Miller, indicted nine times on several different charges, gave bond today in sum of \$450, with John Beale as security.

Jesse Schuck, under one indictment for frequenting gambling rooms, gave bond for \$50 signed by John Beale as surety.

August Roth was indicted twice and he was secured by J. M. Gwinn in the sum of \$100.

Eddie Walters gave bond in the sum of \$250 with P. A. Miller as surety for five indictments on various charges.

William Klingworth received three indictments on the charge of being a common gambler, frequenting gambling dens, etc. His bond was fixed at \$100 and it was signed by George Wingerter. One indictment was returned against John Kelley.

At the time of issuing the indictments, many of the gamblers left town, but all have returned except two.

Sheriff Bainbridge is not yet through with the work of serving the warrants and more men will be taken into custody tomorrow.

MARRIED IN CLERKS OFFICE

Lot Powell and Desdemona West-erfield Made Happy by Squire Jackson.

The quietude which has prevailed about the marriage license department at the clerk's office for the past three weeks, was somewhat broken today when Lot G. Powell and Desdemona West-erfield, both of Walker township, rushed into the office about 2:30 o'clock this afternoon and announced that they wished to be married "right away" in the clerk's office. County Clerk Posey issued the license and was at a loss to know where to find someone to tie the knot. He thought of Squire Wilson T. Jackson and the latter was promptly ushered into Mr. Posey's private office where the ceremony was performed. The cause of the couple's hurry could not be learned. Both were elegantly dressed and good looking. The parties are well and favorably known in Walker township.

SUSPICION OF AN ATROCIOUS CRIME

Evansville, Ind., March 16.—The finding of a full outfit of women's clothing, mutilated and bloodstained, in a deserted spot on the river, five miles above this city, has started a police investigation for a possible murder. The clothing belonged to a woman small in stature and are of fine quality. The undergarments are slashed as if the attack had been committed with a knife. A search for the body will be made in the river.

MANY NEW BANKS

Eighty-Two Have Been Organized in Indiana in the Last Five Years.

According to a recent bulletin of the comptroller of the currency, 82 National banks have been organized in Indiana since March 14th, 1900, the date of the law permitting National banks to organize with a minimum capital of \$25,000. The total capitalization of the banks that have been organized in the State since the amended law became effective is \$4,040,000.

IS RELATED IN THIS CITY

Capt. W. V. Judson, Indianapolis Man, Who is a Prisoner of Japanese.

Capt. William Voorheis Judson, who is now held at Mukden by the Japanese as a prisoner of war, is the cousin of Mrs. Alice King, and is also reported to be related to Mrs. Mary Gilliam, of North Sexton street, and others of this city.

Capt. Judson graduated from West Point in 1883, standing second in his class. Since that year, he has been assigned to various parts of the United States to superintend government constructions and improvements. He was one of the four United States officers sent to the far East by the War Department to observe operations in the Russo-Japanese war. He is a captain in the United States Engineers' Corps and won his position by meritorious service. His assignment to the far East by the War Department was a distinct recognition of his services to the government. Captain Judson sailed for Europe in March, 1904, and entered the Russian army. He went to Manchuria early in the summer and witnessed little, if any, of the fighting of Kuropatkin's forces.

The department at Washington announces that it is not likely Captain Judson and his companions will be allowed to rejoin the Russians in the field. There is no doubt that the Americans will receive every courtesy at the hands of the Japanese, and that they will have safe conduct to Tokio. Captain Judson married Miss Alice Clay, of Lexington.

POCAHONTAS LODGE MEETING

Big Preparations For the District Meeting to be Held at Connersville.

Members of the Pocahontas lodge in this city are making big preparations to attend the district meeting which will be held at Connersville next Tuesday, March 21st. The district comprises the counties of Franklin, Fayette, Union, Wayne, Rush and Henry, and from all reports a large number of lodges in the district are expected to be well represented. Several of the high State officers will be in attendance at the session besides other interesting features that will add to make the meeting an enjoyable one.

ST. PATRICK'S DAY.

Tomorrow will be St. Patrick's day. No celebration of the event is contemplated by those from the "Old Sod." Bits of green will be seen in button-holes, but that will be the extent of the observance, other than "drowning the shamrock," which, of course, will be a popular proceeding.

REGARDING SUPERVISORS

Provisions of the New Law as to Their Duties When in Office.

Elections in December—Pay For Only Forty Days During the Year.

For the benefit of those who have been making inquiries of the county officers as to changes in the law relating to road supervisors and their duties, we publish the provisions of part of the statutes briefly as follows:

Road supervisors are to be chosen at a separate election held on the second Saturday after the first Monday in December, for a term of two years. They must not receive pay for more than forty days in any one year. The road repair law is almost a literal copy of section 6813 to 6348, Burns' 1901, as amended and supplemented by acts 1903, pages 233 and 326. But the time for working the roads is fixed as between the first day of May and the first day of December, instead of the first of April and the first of November. The duty of suing for and collecting unpaid road tax is imposed on the township trustee instead of the supervisor. The commutation payment or failure to work the roads is fixed at \$1.50 per day instead of \$1.25, and all reference to working out road tax assessed against land and other property omitted. Where a trustee desires a new bridge or culvert he is in all cases to notify the county commissioners, but if they refuse to build or repair it for him he may use the township road fund for that purpose. Appeals may be taken to the circuit court from orders of the county commissioners in relation to bridges and highways, except where expressly denied.

THE TYPEWRITER IS VINDICATED

The Appellate Court Decides That Machine Made Signatures are Valid.

The Indiana Appellate court Wednesday decided that a person holding a power of attorney to sign names to a Nicholson law remonstrance against granting a saloon license may have the names written on a typewriter by his clerk and the remonstrance, when presented by him, will be as effectual as if he had signed each name with a pen. The court quoted from an opinion by William Wirt when he was Attorney-General of the United States eighty years ago, that "the law does not require signing to be done with a pen and ink. I believe a signature made with a straw dipped in blood would be equally valid and obligatory. The law requires signing merely as an indication and proof of the parties' assent," and continued, "the typewriter is a modern convenience. The signature made by it was in this case the signature of the attorney, the operator being in fact his agent, exactly as the keys and the typewriter were his agents. It has the same validity as if written by his own hand, indeed, within the meaning of the law it became his proper handwriting."

A judgment striking off the names of 341 persons from a remonstrance because they were typewritten and granting a license to Warren Smith to keep a saloon in Scottsburg was reversed.

Two Negroes Hanged. Selma, Ala., March 16.—Ed and Will Pitomay, negroes, who shot and fatally wounded Professor Claude Hardy, at Pineapple, Ala., were captured by a mob of citizens in a house near Allenton, Ala., where they had barricaded themselves, and were taken to a nearby swamp and hanged.

A GOOD LAW

The State Soldiers Home to be Opened Also to the Widows of Comrades.

The law of 1903 has been amended so as to include the widows of soldiers and sailors who fought in the civil war among those who may be admitted to the Indiana Soldiers' Home. As originally passed the act applied only to widows of soldiers, sailors and marines who fought in the Spanish war and the Philippine insurrection. The act declares an emergency and took effect March 1st.

MUST PAY A SPECIAL TAX

Brewery Agencies are Required to Pay Amount Not to Exceed \$1,000.

Under the new cities and towns law, it is understood, breweries and brewing companies maintaining local agencies and storage houses must pay a special tax. The amount is left to the discretion of local authorities, but the law specifies it shall nowhere exceed \$1000.

In many Indiana cities the large brewing companies have increased their local business by establishing additional saloons though ostensibly conducted by private individuals. As this is the rule throughout the State, the item of revenue in the form of special tax may be considerable.

IT MAY BE BUILT OF INDIANA STONE

The mammoth office building which the Government is about to erect at Washington, D. C., for members of the House of Representatives may be constructed of Indiana limestone. Altogether about 350,000 cubic feet of stone will be required, and the contract will be one of the largest ever executed. Bids were opened today and among several proposals for marble and granite were the following bids for Indiana limestone: George Dugan, Bedford, \$537,105; Furst & Koerber, Bedford, \$759,376; William Bradley & Son, Bedford, \$752,095; Furst & Fanning, Bedford, \$729,172; Ambrose B. Stannard, New York City, \$644,000; Thomas Riley, Philadelphia, \$712,253. The commission appointed to select the material to be used, composed of Speaker Cannon and Representatives Hepburn and Richardson, will meet Friday. It is believed Cannon favors Indiana limestone.

A TERRIFIC WATERSPOUT

A Texas Community is Visited by an Unusual Deluge.

Austin, Tex., March 16.—At 8 o'clock last night there was a terrific waterspout at Luckin, Burnett county, forty miles above this city, causing the water to rise in the river and surrounding creeks at that point fourteen feet in five minutes, catching half a dozen campers in the bottoms and drowning two of them, four barely escaping with their lives. Considerable stock was swept away, the cattle having gathered for the night in the shelter of ravines. For thirty minutes hail is reported to have fallen to the depth of one and a half inches with such force as to wreck many farmhouses in that section.

THE JAPANESE TAKE THE PASS

Word Reaches New Chwang That Oyama Has Driven Kuropatkin Out.

Another Significant Bit of News Relates to Intrepid Sea Fighter, Admiral Togo.

From New Chwang today comes the terse announcement that the Japanese forces occupied Tie Pass last night at midnight. This forces the Russian retreat on to Harbin, and takes away from Kuropatkin one of his strongest defenses.

Meager reports have been received from a Russian source of a fight eight miles south of Tie pass between a Russian force under General Mistschenko and a Japanese column, the identity of which is unknown. The latter was repulsed, it is said, with a loss of 1,000 killed. The rumor that after the evacuation of Mukden eighty foreigners, including an American newspaper correspondent, had been murdered by Chinese is discredited by the fact that the correspondent in question reported to his paper on March 14 that he had been captured by the Japanese and was being taken to Kobe.

A steamer arriving at Singapore reports having passed a squadron of twenty-two Japanese warships about twenty miles east of the entrance to the straits of Malacca, two Japanese cruisers and two auxiliary cruisers previously arrived at Singapore. Presumably these vessels are on the way westward in search of the Russian second Pacific squadron, last reported in Madagascar waters.

LICENSE NECESSARY

The New Law Provides That Veterinary Surgeons Must be Qualified.

Under the new legislature veterinary surgeons must possess a license to practice. The measure provides for the licensing of all veterinarians. Where diplomas are held from reputable colleges a fee of \$5 will be collected for licenses. Where certificates obtained under the law of 1905 are held new ones will be issued for \$1. Persons not holding either an acceptable diploma or a certificate may have two examinations. Practicing veterinarians who fail to display their licenses will have to pay the board of examination \$25.

BY THE WAYSIDE

Not long ago a Knightstown young man approached a minister, and it could be seen that he was suffering from embarrassment. He wished to know all that was expected of him—on which side of the bride he must stand, whether he would wear gloves, and finally wound up with, "is it kissomy to cuss the bride?"

SIMS IS ENCOURAGED

An Early Candidate Beginning to Hear
Pleasant Things.

Indianapolis, Ind., March 16.—Fred A. Sims of Frankfort, secretary of the Republican state committee was here today calling on friends. He was greatly encouraged by the interest manifested in his boom for the nomination for secretary of state next year. He was not ready to formally announce his candidacy but probably will be within the next month as his friends are urging him to make an early start. He has been for several years chairman of the Ninth district, which will enthusiastically endorse his candidacy which will mean a great deal as it is one of the banner Republican districts of the state. Owing to his long association with the members of the state organization and his efficient services as its secretary he has a wide acquaintance which will prove valuable to him. His friends are very hopeful that he will obtain the nomination without much trouble. Many believe in fact, that he may have a clear field when the time comes.

Governor Hanly has determined on the men he will appoint as members of the railroad commission. John McCordle of New Richmond, one of his close friends who, it was thought, would be given one of the places, will not be appointed. He had a conference with Governor Hanly this afternoon regarding the matter. Union B. Hunt, the governor's private secretary, will be one of the Republican members. The other is a personal friend of the governor and resides, it is said, in the northern part of the state. The name of the Democratic member, it is said, has not been mentioned publicly since the railroad commission bill became a law. It was learned today that Ex-congressman Robert W. Miers of Bloomington has become an applicant for the Democratic membership. This will create surprise as it was understood that he was here in the interest of Dr. Samuel Quillin of Linton, one of his constituents. It is said that Miers decided to ask for the position himself after he learned that Quillin stood no show. Quillin called on the governor during the day and presented his own claims. The public and especially the politicians will be surprised at the make-up of the commission which is now a matter of great interest.

Representative William E. Springer of Bartholomew, Fourth district Republican chairman, called on the governor today in behalf of the claims of Columbus for the proposed southeastern Indiana hospital for the insane. The hospital commission has not been appointed but Springer said there is little doubt but that the institution will be located at Columbus. A strong effort is being made by Seymour and North Vernon to land the prize, but it would not be surprising if the Republican leaders should use their influence for Columbus.

Union Banner Hunt, private secretary to Governor Hanly, who has been confined to the Denison house for several days was able to be out for a short time yesterday afternoon. He was threatened with pneumonia and for a week grave fears were entertained about him, but he is now rapidly recovering. Governor Hanly has not intimated who he will appoint to succeed Hunt as private secretary when the latter becomes a member of the railway commission.

Equivalent to Election.

Nashville, Tenn., March 16.—Governor James B. Frazier was yesterday afternoon nominated by acclamation in joint Democratic caucus for United States senator to succeed the late General W. B. Bate. Ex-Governor Robert D. Taylor and ex-Governor Benton McMillan refused to go into the caucus. The nomination is equivalent to an election. Mr. Frazier has served six months of his second term as governor of Tennessee. He will be succeeded as governor by Hon. John I. Cox, speaker of the state senate.

Allegheny's Cleaning Under Way.
Pittsburg, March 16.—Police Superintendent Melvin H. Campbell of Allegheny was found guilty as indicted for accepting money under color of his office to aid and abet in the maintenance of a house for the sale of liquor without license and for immoral purposes. This is the first to be tried of 123 graft cases which include three other Allegheny City officials and men and women charged with conducting illegal resorts.

SENATE IN A PICKLE

Object of Special Session Has
Been Apparently Thwarted
by Minority.

LEADERS ALL AT SEA

A Way to Avoid Adjournment Without
Disposing of the Dominican
Treaty Is Being Sought.Effort to Get President to Withdraw
Treaty Does Not Find Executive
Favor.

Washington, March 16.—Republican leaders of the senate are all at sea respecting the action advisable to take in relation to the Santo Domingo treaty. Recognizing that the Democrats control more than one-third of the votes and that two-thirds are required to ratify the convention the sentiment of the Republican leaders is that the treaty should be withdrawn by the president. On this subject the senate and the president do not agree and the idea prevails that after one or two days more of inconsequential discussion the special session of the senate will be allowed to adjourn without date and the treaty lapse. But this plan is not popular in the senate and a way to avoid it is being sought.

One alternative, which in the discussion concerning it was termed merely an excuse for inaction, is that Senator Cullom, as chairman of the committee on foreign relations should offer a resolution directing the president to appoint a commission to make an investigation of the Santo Domingo debt and other questions involved in the protocol. This plan was agreed on tentatively as the program most desirable under existing conditions, especially as it is believed that such a resolution could be adopted without debate. No decision was reached which may not be changed, however, and other plans have been suggested or are brewing.

Senator Newlands offered a resolution calling on the president to forward to the senate certain information believed to be in the possession of the state department in relation to the Dominican affairs.

The resolution was not seriously considered at the time and Mr. Newlands' speech advocating adoption received scant attention. Later it was whispered that if the resolution were adopted and the Democrats felt that all of the information obtainable be given to them a defection of three or four Democratic votes might result. This would ratify the treaty. Leaders of the minority party on the other hand, took the position that no information could be forthcoming which could change the principle involved in the treaty and that it is idle for the Republicans to hope for aid from their side of the chamber. The resolution nevertheless remains undisposed of and there was talk among the Republican leaders of adopting it and putting it to a test as a vote getter.

A FLANK ATTACK

Japanese Display Their Activity
Around Tie Pass.

New Chwang, March 16.—The Japanese occupied Tie Pass Wednesday midnight.

St. Petersburg, March 16.—Flanking tactics by the Japanese apparently are in progress again, press correspondents who remain at Tie pass telegraphing that General Mischenko on March 14 engaged a Japanese force on the Russian right.

It is possible that the attacking force was a Japanese column which disappeared from observation during the battle of Mukden. The Japanese do not appear to have renewed the frontal attack, the demonstration on Tuesday having shown that the Russians were prepared to make a determined resistance.

The office of the censor has already been removed to Santoupu, a point eight miles north of Tie pass, and there are intimations that it may soon be established even farther south. Press correspondents declare that they have practically been starved out of Tie pass. This may, perhaps, be an indication of the amount of food available for the army, immense quantities of which were destroyed at Mukden, where practically the entire reserve commissariat had been accumulated.

The rumor of the murder of eighty foreigners, including Richard H. Little, correspondent of the Chicago Daily News at Mukden, is hoped and believed here to be unfounded. It is assumed that they may have been captured by the Japanese, as it has already been reported that a French correspondent named Nadeau is in the hands of the Japanese.

According to Chinese reports the governor of Mukden gave a banquet in honor of the Japanese generals after their triumphal entry into the city, and a Russian journalist wires that with the occupation of Mukden by the Japanese, Russia's prestige with the Chinese has been utterly destroyed. The correspondent says that this is already noticeable and that even a triumphant victory would not restore Russia to the place in the estimation of the Chinese which she held a year ago.

History's Lesson Lost
Upon Russian Nobility

By Rev. NEWELL DWIGHT HILLIS of Brooklyn

RUSSIA has neglected the lesson of freedom so eloquently taught by history.

A new statement of OUR lesson is to be found in connection with that great empire of Europe which now is disturbed with the preliminary tremblings of A SOCIAL EARTHQUAKE. Three hundred years ago the conditions which prevail in Russia today could be found in England.

Later, in France, a noble, when the poor people of Paris asked for bread, said, "Let them eat grass," AND THE NEXT DAY THEY BUTCHERED HIM IN THE STREETS.

TODAY WE FIND IN RUSSIA A NATION WHERE THE LIVES OF THE LOWER CLASSES ARE FILLED WITH MISERY AND SQUALOR.

In the warm, rich atmosphere of the twentieth century these conditions exist. One part of society arrayed against the lower classes is saying, "We will be blind to the teachings of history," and is ignoring the INEVITABLE CONSEQUENCES which follow the enslaving of human souls and bodies. A little handful of men own all the land, possess all the titles, hold all the privileges. This is a country of which it can be truly said, "THE LESSONS OF HISTORY HAVE BEEN IN VAIN." But perhaps even now that lesson is upon them.

It is rumored that an order for another general mobilization is being prepared and that a new army will be forwarded to Manchuria as fast as possible by railroad and the summer steamer service.

UP TO ROJESTVENSKY

He Must Soon Decide Whether to Go
on or Turn Back.

London, March 16.—The appearance of Vice Admiral Togo's fleet in the track that would be used in any attempt by Vice Admiral Rojestsvenky to make for Vladivostok is the most interesting news of the day. It is not known whether Vice Admiral Togo himself is with the fleet. According to the correspondent at Singapore, who visited the fleet, the officers were unusually reticent. Two Japanese officers landed and conferred with the Japanese consul, and it was understood by the correspondent that the squadron would shortly sail again, as it required nothing. The presumption here is that Togo acquired some information concerning Rojestsvenky's intended movements.

So far as known in London Rojestsvenky's squadron is still off the coast of Madagascar, but as the ice in the harbor of Vladivostok is probably beginning to give way, the Russian admiral must soon make a decision whether to dash for Vladivostok or return to Russia. Naval experts here believe that Togo will not come much further in quest of the Baltic squadron, on the ground that he cannot afford to run unnecessary risks.

No further news has been received of the fighting on the Fan river and little importance is attached to this isolated repulse of the Japanese. The London papers continue in the belief that to all intents and purposes the

VICE ADMIRAL HEIHACHIRO TOGO

campaign is closed; that it will be next to impossible for Russia to put a new army in the field and that the talk of doing so is mere bluff, intended to influence the inevitable negotiation of peace terms. It is also believed that the French government has utilized the financial lever to convey to Russia her view that it is the proper course to seek to arrange terms. The rumor persists that Russia has acquiesced France with her willingness to discuss terms, but not on the basis of an indemnity, which Russia contends would ruin her prestige, claiming that she will rather continue the war than submit to such a demand.

The Attack at Santoupu.

Santoupu, March 16.—A sanguinary combat occurred on March 14 on the center advanced line of the Russian army eight miles south of Tie pass. The Russians repulsed the attack and even made a small advance through a thousand corpses of Japanese and advanced a large force on the right flank, where General Mischenko, who has taken command of his detachment, though his wound has not yet healed, is holding the Japanese in check. The Russian troops have regained their normal spirits and fought cheerfully.

Mail advices from the Caucasus indicate that the situation there has not been exaggerated in earlier reports. According to one letter the Armenians estimate the number of their dead at 2,000.

NEW YORK FASHIONS

Pattern For Princess Front Apron
by Martha Dean

Pretty aprons have been and always must be very important items in all little maidens' wardrobes. This season more aprons are worn than ever before, and many are the dainty styles to select from. For girls who have passed the age of the one piece suit the waisted and belted aprons are in great favor. These also take on the princess lines, and it would be hard to find a more suitable model. In the one shown here the full skirt is joined to a fitted back, while the fullness under the arm is joined to a band. Shoulder ruffles of embroidery or material add not a little to the charm of the design. Everyday practical aprons may be made of blue and white checked gingham, linen or madras. Brown holland aprons are especially nice for everyday wear, and by finishing with white or bright colored finishing braid the contrast is very pretty and takes away that somber, old fashioned expression of the darker shades of holland. Pattern No. 4580. Sizes, 6, 7, 9 and 11 years.

DIRECTIONS FOR ORDERING
Send 10 cents to this office, give number of this pattern, No. 4580, and state size desired. It will then be sent to you by mail postpaid. Be sure to write plainly and always give full address. Several days must be allowed for delivery of pattern.

Conspiracy Nipped in the Bud.

Warsaw, March 16.—Reservists who
were waiting in the barracks at Wel-
kowsk, government of Grodne, formed
a conspiracy to foment organized dis-
turbances among the troops in order
to avoid being sent to Manchuria. The
offenders were courtmartialled, five of
them were condemned to death and
executed on March 13, and four were
sentenced for life and eight to twenty
years of penal servitude.

Pool Bill in Conference.

Jefferson City, Mo., March 16.—By a
vote of 99 to 28 the house refused to
concur in the senate's amendment to
the bill prohibiting book making and
pool selling, by which gambling on
horse races is reduced from a felony
to a high misdemeanor with a maxi-
mum penalty of a \$50 fine. The bill
will now be sent to a conference.

Decision Reserved.

New York, March 16.—The hearing
in the suit of W. R. Hearst to prevent
the payment by Mayor McClellan,
City Attorney Grout and City Cham-
berlain Keenan from paying a cham-
berlain lighting bill of \$1,200,000 has been
concluded in the state supreme court.
Justice Kally reserved his decision
for two weeks.

Worked Themselves Out of Job.

Philadelphia, March 16.—With the
entire available supply of silver bullion
completely disposed of and no im-
mediate indications of future receipts
from the treasury department at Wash-
ington, 125 employees in the counting
and weighing department at the mint,
mostly women, have been indefinitely
suspended.

Lieutenant Sought Death.

Vancouver Barracks, Wash., March
16.—Lieutenant Francis E. Boone, who
was ordered discharged from the
United States army on the charge of
desertion, absence without leave, non-
payment of debts and conduct unbecom-
ing an officer, yesterday made a
dash from his guard with deliberate
suicidal intent, it is reported, and be-
fore recapture was shot and probably
fatally injured.

ENGLISH HOT POT.—Two pounds
of shoulder of mutton or beef, eight
large potatoes and two onions. Take
a deep baking dish or tin. The meat
must be cut in pieces about two
inches in size and the potatoes sliced
as for frying, in thin slices. Place
first a layer of meat in your dish,
season with salt and pepper and cut
up over this one onion; next put a
layer of potatoes, then add the re-
maining meat and onion; season.
Now place the rest of the potatoes
over the meat, taking care to have
a goodly supply of them on the top,
so they may become nice and brown.
Bake in oven two hours and a half.
The longer it is cooked the better
the flavor. This makes a large hot
pot, but any left over is a nice dish
for luncheon next day and is just as
good warmed over, if not better.

PROTECT YOURSELF AGAINST GERMS

People With Weak Stomachs Most
Liable to Catch Disease.

When the stomach and digestive or-
gans are weak, the food does not digest,
and there is a sour, slimy, fermenting
mass making it an ideal spot for the dis-
ease germs to multiply. The only way
to protect yourself against disease germs
is to strengthen the stomach and diges-
tive organs, and Mi-o-na is the only
agent, so far as is known, that will ac-
complish this.

The ordinary medicine that is taken
for indigestion and stomach troubles is
advised to act upon the food alone,
and hence can give no more than tempo-
rary relief. Mi-o-na is a certain cure in
all cases of stomach troubles, excepting
cancer, because it enables the stomach
and digestive organs to act in the way
Nature intended they should. Drugs
cannot digest the food; they simply de-
compose it.

If you suffer with distress in the head,
chest, sides and back, belching of gases
and undigested food, bad taste in the
mouth, dizziness, or vertigo, heartburn,
variable appetite, sick headache, spots
before the eyes, and have a general feel-
ing of despondency, weakness and debili-
ty, you should at once strengthen the
stomach and digestive system by the use
of Mi-o-na. There is no liquid, no alco-
hol, no spoonful doses with Mi-o-na.
Just one simple tablet out of a fifty cent
box before eating, and your stomach
will soon become so strong and healthy
that you will become germ proof. Ask
F. B. Johnson and Co. to show you the
guarantee under which they sell Mi-o-
na; costs nothing unless it cures.

Robert Bausback, of Shelbyville, owner of the Rushville and Shelbyville grease factories, was approached after nightfall by a stranger who wanted to sell him an old horse, fit only for the boneyard. Bausback invested a dollar, and the next morning found he had a horse that he can readily sell for \$100. The horse is being held pending an investigation.

The weather today was ideal. Men hastened to shed their overcoats and housewives opened the doors and windows of their homes to let in the warm and invigorating air. The temperature at noon, according to the Windsor thermometer, was sixty-five in the shade. The ice cream parlors are preparing to open their soda fountains.

Cambridge City Tribune: The Lackey horse sale last week was the best in point of general average held within recent years, nor has it ever been beaten in the State. The average of \$319 per head does not include Suffret, sold at private sale for \$2000, and Edna O., sold privately for \$3000. Both these animals were regularly catalogued. The average exceeds that of last year by \$4, and the previous \$74. Mr. Lackey thinks it was the best sale he ever had. At least he never had as many buyers from all parts of the United States and Canada.

The weather today was ideal. Men hastened to shed their overcoats and housewives opened the doors and windows of their homes to let in the warm and invigorating air. The temperature at noon, according to the Windsor thermometer, was sixty-five in the shade. The ice cream parlors are preparing to open their soda fountains.

Cambridge City Tribune: The Lackey horse sale last week was the best in point of general average held within recent years, nor has it ever been beaten in the State. The average of \$319 per head does not include Suffret, sold at private sale for \$2000, and Edna O., sold privately for \$3000. Both these animals were regularly catalogued. The average exceeds that of last year by \$4, and the previous \$74. Mr. Lackey thinks it was the best sale he ever had. LODGE NOTES

K. of P. Uniform Rank inspection tonight.

The Knights of Maccabees expect to have work this evening.

Rushville Commandery Knights Templar (U. D.) had work in the Order of the Temple and appendant orders last night.

Ground was broken for the new Odd Fellows hall to be erected at Harrisburg, Fayette county. The old building was destroyed by fire last winter.

Wm. P. Estes, of 638 West Ninth street and a Red Man, holding his membership in Wawassa tribe of Falmouth, is confined to his bed threatened with fever.

The largest class of candidates ever adopted by the Red Men of Indiana outside the large cities, was adopted by Wenona Tribe of Greenfield on last Monday night. The number was 112.

The Odd Fellows of this county are making preparations to hold a county meeting at Carthage sometime either the last of this month or the first of April. Franklin lodge of this city will confer the third degree at the meeting.

There will be special work by the Knights of Columbus at Dayton, Ohio, on next Sunday, March 12th, and many members from this city and Connersville will attend. It is expected that a large class of candidates will be initiated at that time.

RAILROAD NOTES

One of the car windows on the Big Four train from the north was shattered yesterday morning. At Shirley a school boy threw a rock at the train. The stone crashed through the window and hit a man in the eye. The man was so badly injured that he was put under the care of a physician at Shirley.

That he new management of the C. & H. & D., that came in with the merger of the road with the Pere Marquette last summer, is working revolutionary changes in the time schedules of the local service, is indicated by the fact that Tuesday twelve out of the fourteen C. & H. & D. trains between Indianapolis and Cincinnati were on time, all the way, while Monday, thirteen of the fourteen came "up to the scratch" of their schedules. Both of the two trains that were late Tuesday were delayed by connections. The passenger department of the C. & H. & D. is elated over the showing made by the new equipment under the new management.

A negro tramp was severely cut and bruised while attempting to board an east-bound Big Four freight out of St. Paul yesterday. He lost his balance while boarding the train and was thrown down an embankment. He suffered bad cuts and bruises and was unconscious for a time. After his wounds were dressed, however, he was able to walk out of town.
